

FOZA Volunteer - Kyleigh Wegener  
Online Communication Amplifier

Quote: I want to do everything I possibly can to fight for legislation that would address maternal mental health.

- *Kyleigh Wegener*

Kyleigh is a Communications Advisor at Michigan House of Representatives

Experienced Communications Associate with a demonstrated history of working in the health wellness and fitness industry. Skilled in Search Engine Optimization (SEO), Sales, Journalism, Strategic Media Relations, and Interviewing. Strong media and communication professional with a Bachelor of Arts (B.A.) focused in Public Relations/Image Management from Western Michigan University.

My reasons for joining the FOZA Amplifier Volunteer Program:

“I want to raise awareness and understanding of PMAD for people experiencing it firsthand and the people who make up their support system. I knew that as soon as I felt healthy enough to help other moms experiencing PPD or PPA, I wanted to do everything I possibly could to fight for legislation that would address maternal mental health, serve as an emotional support person for those who don’t have a good support system, improve understanding amongst the general population, and decrease the stigma attached to mental health. Volunteering would allow me to increase the impact I’m able to make.”
